Support Enforcement Association

Vol. 43- August 2025

Dear Colleagues,

We are excited to see you all at our upcoming 37th Annual IFSEA Conference on Monday, October 20, 2025, and Tuesday, October 21, 2025. This year we are thrilled to host an entirely virtual conference. We feel this is a fantastic opportunity to connect with more child support professionals through interactive participation, including those from other states.

For those who have attended an IFSEA Conference before, you already know the value and insight these events offer. For newcomers, let me assure you that this conference is a great opportunity to deepen your knowledge of Child Support, network with fellow professionals, and connect with others who share your passion for this vital field. This year we will also be honoring and celebrating the golden anniversary (50 years) of the IV-D Child Support program.

This year's conference will feature a diverse range of sessions, including discussions about the impact of Social Security benefits on handling child support cases; determining income for self-employed individuals for the purpose of child support calculations; learning about how domestic violence projects such as SAVES (Safe Access for Victims' Economic Security) Grant and Battered Women's Justice Project are improving access to child support for survivors of domestic violence; and dealing with intergovernmental cases through UIFSA. We're also excited to present our ever-popular judge's panel, as well as presenting legislative and case law updates, and a demonstration of the EPIC system. We aim to provide valuable content that will enhance your ability to serve the families of Illinois more effectively.

I look forward to seeing everyone at this year's conference!

See you all soon!
Warm Regards,
Lauren Volanti
1st Vice President
IFSEA

Important Information for This Year's IFSEA Conference

Due to this year's conference being entirely virtual, we will not be awarding scholarships this year. There will also be no auction or 50/50 raffle.
